PINE RESIN 5kg & over **11.69 kg** 1 - 4kg **12.99 kg**

DEXTRIN TW - non crackle resist-water soluble 5kg & over **4.95 kg** 1 - 4kg **5.50 kg**

POTATO DEXTRIN - slight hairline crackle resist-water soluble 25kg bag **216.70** **10.50 500g**

PRINTING THICKENERS

DR-33 POWDER - easy to dissolve and lump-free **220.00 5kg 49.95 1kg 13.95 250g 6.95 100g**

MANUTEXRS **53.95 1kg 15.95 250g 7.95 100g**

REDUCTION / BLEACHING AGENTS

FORMOSUL - Rongalit C (Sodium Formaldehyde Sulphoxylate) , for discharge printing on silk **18.95 500g**

SODIUM HYDROSULPHITE - for Indigo dyeing & hot discharging of most dyes **21.00 kg 6.95 250g**

T. U. D. - (Thiourea dioxide), for discharge printing on cotton **14.95 500g 4.50 100g**

Z.F.S powder **22.00 500g 15.00 250g**

DEVORE PASTE for silk / velvet rayon **79.95 1 litre 26.95 250ml**

DISCHARGE PASTE- Neutral, Yellow, Golden Yellow, Red, Violet, Turquoise, & Brown **12.95 200g**

- for removing dye and simultaneously re-colouring areas on fabrics

CHEMICALS

ACETIC ACID 30% **33.75 litre 9.95 250ml 3.95 50ml**

ALUM **12.95 500g 4.95 100g**

ANTI-CHLOR - Chlorine neutraliser (essential when using bleach discharge) **6.95 100g**

BICARB SODA (Sodium Bicarbonate) **4.95 kg 3.50 500g**

CAUSTIC SODA **7.95 500g**

COOKING SALT (Sodium Chloride) **1.30 kilo**

CITRIC ACID (use instead of Acetic acid 30%) **5.50 150g**

COPPER SULPHATE - mordant for natural dyes **9.95 250g**

DRIMAFIX - liquid one-step fixative for Drimarene K dyes **132.00 20 litre 39.95 4.5 litre 9.95 litre**

DYEFIX - use with Solar dyes **129.90 4.5 litre 33.95 litre 9.95 250ml**

FERROUS SULPHATE - mordant for natural dyes **6.95 250g**

GLYCERINE for making devore paste **48.00 litre 6.00 100ml**

GUTTA SOLVENT - (cannot be posted) **7.95 200ml**

LYOGEN - Powerful wetting agent **8.95 250ml**

MOTHPROOFER **13.95 100ml**

POTASSIUM PERMANGANATE - for SOGA 91 dyeing **11.00 50g**

RESIST SALT L (Ludigol) **10.95 500g 7.95 250g**

ROCKSALT **4.50 kg 2.50 500g**

SODA ASH **40.50 5kg 9.25 kg 5.25 500g**

SODIUM BISULPHATE - for devore technique & diazo printing **17.95 500g 9.99 250g 4.95 100g**

SODIUM HYDROSULPHITE - for dye removal (some) and use in indigo dyeing **21.00 kg 6.95 250g**

SODIUM METABISULPHATE **6.95 100g**

SODIUM SULPHATE (Glaubers Salt) **40.50 5kg 9.25 kg 5.25 500g**

SYNTHRAPOL- liquid concentrate, washing out, removing unfixed dye **26.90 litre 14.95 500ml 8.95 250ml**

TIN - Stannous chloride, mordant for natural dyes **17.95 50g 9.95 25g**

TITANIUM DIOXIDE - for discharge printing **5.95 30ml**

T. R. O. - Turkey Red Oil **23.95 litre 13.95 500ml**

UREA **40.50 5kg 9.25 kg 5.25 500g**

WHITE SPIRIT - (cannot be posted) **8.95 200ml**

FABRIC PAINTS, MARBLING, SCREEN PRINTING INKS AND AUXILLIARY PRODUCTS

HI-STRIKE FABRIC PAINT

High quality liquid paints for handpainting on natural fabrics.
Excellent for Sun Dyeing. Soft finish, fast brilliant colours.

YELLOW	TURQUOISE	PASTEL VIOLET	BRIGHT PINK	Standard colours:	4.95	30ml
GOLDEN	BLUE	PASTEL PINK	BRIGHT MAGENTA		12.95	200ml
ORANGE	NAVY	PASTEL BLUE	BRIGHT YELLOW		23.95	litre
RED	GREEN	PASTEL GREEN	BRIGHT GREEN		89.95	4.5 litre
CARMINE	LEAF GREEN	WHITE	BRIGHT ORANGE	Rhodamine**	14.95	200ml
RHODAMINE**	SAND	BLACK			27.95	litre
VIOLET	BROWN	MEDIUM	METALLIC GOLD	Metallics:	5.95	30ml
			METALLIC SILVER		15.95	200ml
			METALLIC COPPER	Brights:	5.95	30ml
					15.95	200ml
					29.95	litre

(standard and bright colours are transparent, metallics and pastels are opaque)

GOLD, SILVER & COPPER METALLIC LUSTRE PIGMENT - add to any viscous medium.

Soapmaking (1/2 tsp per 1kg soap, **Lotions/creams** (1/8tsp to 250ml), **Candlemaking** (1/2 tsp per kg)

Add to HI Strike fabric paint or to any water based or solvent based lacquer for metallic finish on wood etc... **11.95 10g**

PIGMENT CONCENTRATES:

Yellow, Golden, Scarlet, Red, Carmine, Violet, Turquoise, Blue, Bright Green, Brown, Black & White **7.95 50ml**

FABRIC MARKERS & CRAYONS

CRAYOLA FABRIC MARKERS - for natural fibres, bright colours	box of 10	11.95
PENTEL PASTEL DYE STICKS - brilliant colour crayons	box of 15	6.50
for permanent decoration on natural fibre materials	box of 7	3.50
TRANSFER FABRIC CRAYONS - brilliant colour crayons	box of 8	6.95
for transfer printing onto man-made materials		
PENTEL GEL ROLLER FOR FABRIC - fine line, permanent on fabric, NO bleeding black only...		2.95 each
PENTEL TEXTILE MARKER - fine point, long lasting, black or blue		4.95 each

FOAM ROLLERS - plastic handle, great for applying fabric paint and thickened dye
40mm wide 2.00 each
plain, striped, or dapple pattern 75mm 2.50

SQUIRT BOTTLES - 250ml clear with "witches hat" lid pack of 5 9.00

PAINT TRAY, ROLLER, & BRUSH SET - small 1.25 each

MARBLING

SOLVENT BASED INKS - Especially formulated for marbling on fabric.

14 brilliant intermixable colours, one tube is enough to cover approximately 50 metres of fabric.

YELLOW	TURQUOISE	OPAQUE WHITE	
SCARLET	COBALT BLUE	BLACK	17.95 100ml
CRIMSON	BRIGHT GREEN	MAGENTA	
METALLIC GOLD			25.95 100ml
REDUCING MEDIUM - Add to inks to make pale shades.			15.95 100ml

Solvent based marbling inks are excellent for marbling on Silk, Poly/Cotton mix, Polyester and any other synthetic material. For these materials it is not necessary to mordant the fabric. Because of high absorbency, marbling of cotton can be difficult unless heavily mordanted with Alum. Tests should be made on cotton and satin finishes to ascertain the suitability as results may vary depending on absorbency.

WATER BASED INKS - for paper & fabric marbling

YELLOW	RED	VIOLET	GREEN	
ORANGE	CRIMSON	BLUE	BLACK	6.95 100ml

WATER BASED MARBLING KIT (FOR PAPER OR FABRIC) - Includes 4 X 100ml water based inks, professional grade carrageen, alum and full instructions **30.00 kit**

CARRAGEEN POWDER- Professional grade	54.95 500g	29.95 250g	12.95 100g
CAMDEN POWDER (Preservative)			6.95 100g
ANTIFUNGICIDE (Long term preservative)			11.00 100ml
ALUM			12.95 500g

HYDROTECH

High quality water based inks suitable for printing on natural and synthetic materials. BATIK OETORO
-10-

- Standard Colours** Formulated for use on light coloured fabrics. Available in full range of bright, vibrant colours. Yellow G, Lemon Yellow, Mid Yellow, Orange, Brill.Red, Mid Red, Carmine, Purple, Violet, Navy, Ultra Blue, Reflex Blue, Mid Blue, Basic Blue, Light Blue, Bright Green, Emerald, Brown, Black, White.
- Fluorescent Colours** Exceptionally brilliant shades. High strength colours with soft feel to printed fabric. FI Yellow, FI Orange, FI Red, FI Pink, FI Magenta, FI Violet, FI Blue, FI Green
- Hy-Cover** Highly pigmented colours designed to give bright opaque prints on dark fabric while retaining soft feel and excellent stretch properties. Yellow G, Lemon Yellow, Mid Yellow, Orange, Brill. Red, Purple, Ultra Blue, Mid Blue, Light Blue, Bright Green, Brown, Black, White.
- Hy-Puff** These inks rise when heated and can be used to give depth and 3-Dimensional effects to your prints. Lemon Yellow, Mid Yellow, Orange, Brill. Red, Purple, Ultra Blue, Mid Blue, Light Blue, Bright Green, Brown, Black, White, FI. Yellow, FI. Orange, FI. Pink, FI. Green.
- Curing:** Cure for approximately 3 minutes at 150°C/300°F
- Clean up:** All Hydrotech products are water based and equipment is easily cleaned with water. Inks should not be allowed to dry on screens as it will result in clogging and staining.

TWO FACE dyes

Made in Australia by Batik Oetoro

Dyeing system for simultaneous colouring of Silk/Viscose or Satin/Viscose composite fabrics in one dyebath.

Particularly suited for Devore (Burn out) scarves and lengths of fabric.

VISCOSE COLOURS (PART A) - BROWN, YELLOW, RED, PINK, BLUE, VIOLET, BLACK
SILK COLOURS (PART B)- GREEN, YELLOW, RED, PINK, BLUE, VIOLET, BLACK

Dyes			Fixative	50ml	6.95
Part A or B	100ml	9.95		100ml	9.95
	200ml	14.95		200ml	14.95
	1 litre	55.95		1 litre	55.95

Devore paste kit	250ml	26.95	Double Measuring Spoon - 5 & 20 ml	0.75
			Glass Eyedropper	1.50

Devore Velvet-White 114cm 29.95 mtr

Dyeing procedure

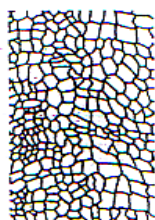

1. Add chosen dyes, fixative, salt & vinegar to cold dyebath. Use 1/10 of recommended dye amount for palest shade, but same quantity of fixative, salt & vinegar
2. Stir well to combine colours and fixative, then add damp fabric. Begin heating dyebath and raise temperature to boiling. Maintain boiling for 20 minutes.
3. Remove from heat and leave to stand in dye pot for another 10 minutes.
4. Remove scarf from dyepot and rinse in cold water, then wash in lukewarm soapy water. Rinse again in clean water and gently squeeze out excess.
5. Dry fabric by lying flat on absorbent paper. Accelerate drying time by ironing on wrong side, or use hair dryer.

Additional notes

Some colouring of the paler fibre by the darker one is unavoidable, particularly with Yellow & Blue and Yellow & Black combinations. Please keep this in mind when choosing your colours. Monochrome dyeing (one colour) is possible by using matching shades of each dye, for monochrome black however double the dye measurement

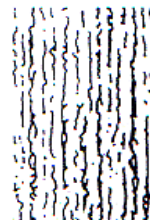

SCROLL 52 X 200cm \$39.95

CD PASTE

NEUTRAL OR COLOUR DISCHARGE PASTE FOR REMOVING DYE AND SIMULTANEOUSLY RE-COLOURING AREAS ON FABRICS

Colour Discharge Paste is an easy to use reducing (bleaching) agent that safely removes colour from natural fibers, including silk. The amazing thing about CD Paste is that it can colour fabric while it is bleaching it. This means you can now print vibrant colours on top of blacks and other dark coloured fabrics in one easy step. It removes most fibre reactive dyes, direct dyes, and some acid dyes. It is thick enough to apply by block print, brush, silk-screen, stencil, etc. It can also be used for creating interesting negative image effects.

Ready made, ready to use coloured discharge inks are available OR you can make coloured discharge ink by adding colour pigment concentrates to Discharge Paste (30ml per litre for strong shade). When ironed or steamed the inks modify the fabric colour by discharging the dye colour and replacing it with the new ink colour. This means that the discharge ink "bleaches" out the dye in the fabric allowing the pigment in the ink to absorb into the fibers.

Directions: Screen print or apply Colour Discharge Paste to fabric with a brush. When paste is dry, iron it on appropriate fabric setting or steam in a bamboo steamer for 10-15 min. Colour will leave the fabric at this stage. Note: Colour Discharge Paste does not always bleach the dye colour back to white; it depends on the type and colour of dye to which it is applied. Test samples should be prepared prior to production runs. After ironing wash your fabric in a good detergent like Synthrapol to restore softness. Like water-based inks, a well-printed discharge print is very soft and cannot be felt on the fabric.

CLEAR DISCHARGE PASTE-

12.95 200ml

PIGMENTED DISCHARGE PASTE -Yellow, Golden Yellow,
Red, Violet, Turquoise, Brown

12.95 200ml
