**NAPHTOL & DIAZO (azoics)**

Cold water azoic dyes for natural fibres. Instantaneous colour when naphthol & diazo combine. Colours are earthy & rich - but no turquoise or bright green. All naphthols react with all diazos - but not always very well. Excellent fastness to light & washing. Resistant to bleaching. Can be hand painted or dip dyed. Used in batik work. Simple to use once you understand the process & recipe... Very economical.

All information and prices correct at time of typing. Apologies in advance if there are any typo's.  
 PRICES in **RED** are the new SALE price !! If price is in black, then it isn't marked down (yet)  
 Once SOLD, that is it ! No more stock will be available. We are most certainly closing down !!  
 Also NOTE - I am getting generous when weighing out the larger size eg 1kg of items....

ALL the shelving, display stands, tables, etc., etc., are also for SALE. Lots are FREE.  
 Mannequins are for sale- pictures and details are on the website.

For full information, colour charts, and recipes - please go to our website - or email us.  
 ANY questions - email us.

NO discount on postage.

OPEN by APPOINTMENT only !!! Thank you. Lynne B
